

Peachy Cake

A nice moist cake that reminds me of carrot cake but less work. I like to frost it with cream cheese frosting.

Beat together:

1 ¾ cups sugar

3 eggs

1 cup oil

1 teaspoon salt

Stir in: (note! Do not over mix or it will get tough)

2 cups flour

2 teaspoons cinnamon

½ teaspoon cloves

1 teaspoon baking soda

Then add:

2 cups canned drained or fresh peaches

Bake at 375 in a greased/floured 9x13 pan for 45-55 minutes, or till cake springs back at touch.
